Who We Are

Vision Changers Kenya is a youth-led, not-for-profit organization registered in Kenya on the 6th of August 2014. We are dedicated to leveraging the power of Sports, and Civic Tech to promote social justice in Kenya. Through evidence-based studies, advocacy, and community engagement, we seek to address the underlying causes of discrimination and inequality in the Kenyan society.

Our focus is on generating evidence and insights, fostering creativity and participation, and working collaboratively with key stakeholders to addressing Systemic Injustices in Kenya.

Our Goals

Our Theory of Change

Contact Us

CHANGE
KENYA

Our Vision

A world of optimism, tolerance, and social justice, where poverty has been eradicated, and all people live in dignity and security.

Our Mission

To interrupt and disrupt oppressive systems that marginalize individuals and communities, leading to rights violations, poverty, and inequalities.

Our Values

Creativity

We innovate and create meaningful solutions to complex challenges within the communities and individuals we serve.

Integrity

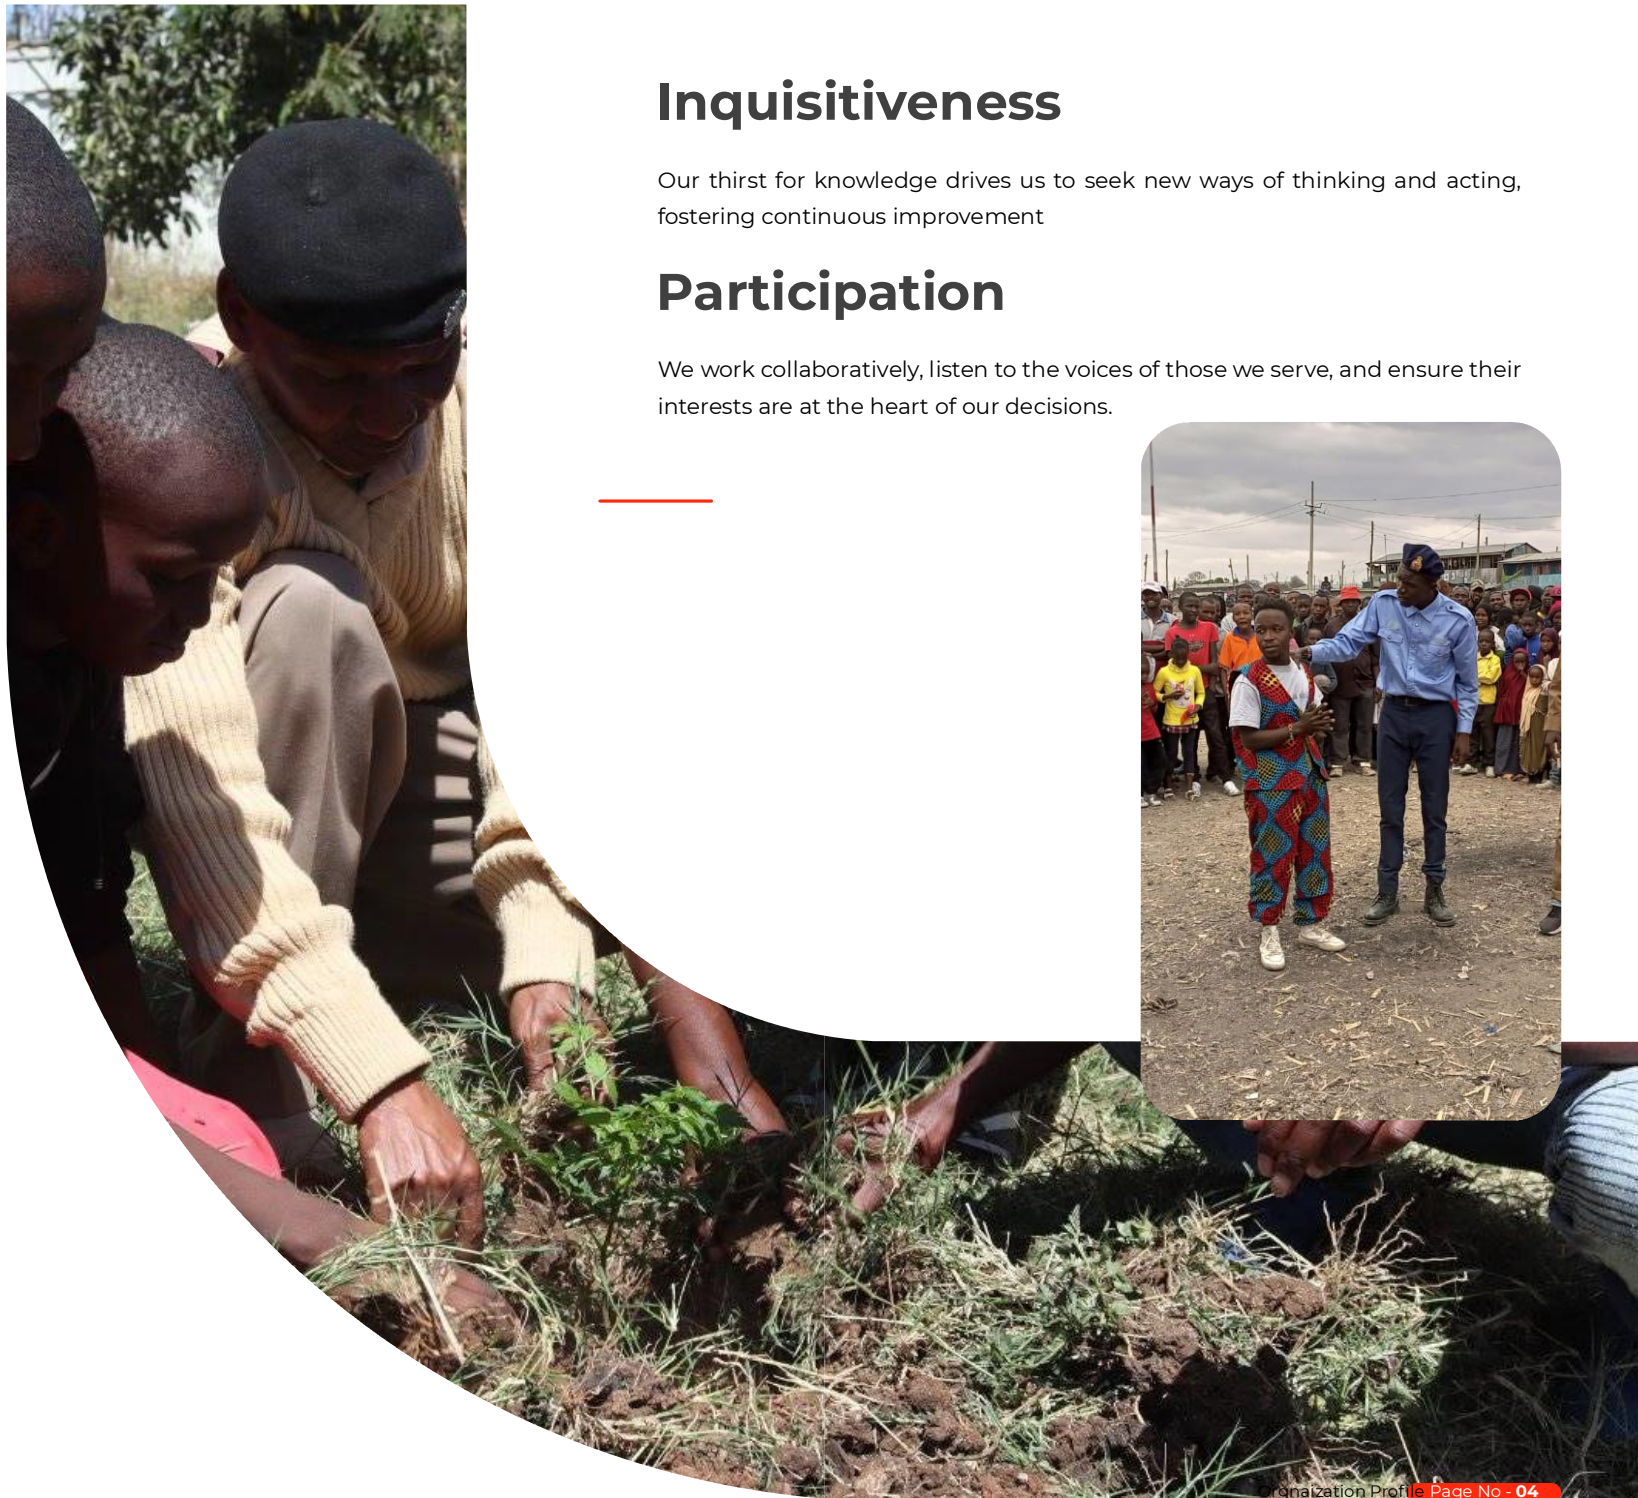

Trust is paramount to us. We uphold the highest levels of integrity in all our actions and communications

Inquisitiveness

Our thirst for knowledge drives us to seek new ways of thinking and acting, fostering continuous improvement

Participation

We work collaboratively, listen to the voices of those we serve, and ensure their interests are at the heart of our decisions.

Our Goals for 2023-2027

Establish Youth Resource and GBV Centers

Contribute to the establishment of one-stop youth resource centers and one-stop GBV centers in Kariobangi and Mukuru Kwa Njenga.

Knowledge Building

Develop an evidence-based body of knowledge, abilities, and attitudes necessary to drive political, social, economic change, and environmental justice in Kenya.

Organizational Competence

Establish Vision Changers Kenya as a sport and civic tech-based social justice organization known for competence, trustworthiness, and accountability.

Collaborative Learning

Foster a culture of collaborative learning within and outside the organization.

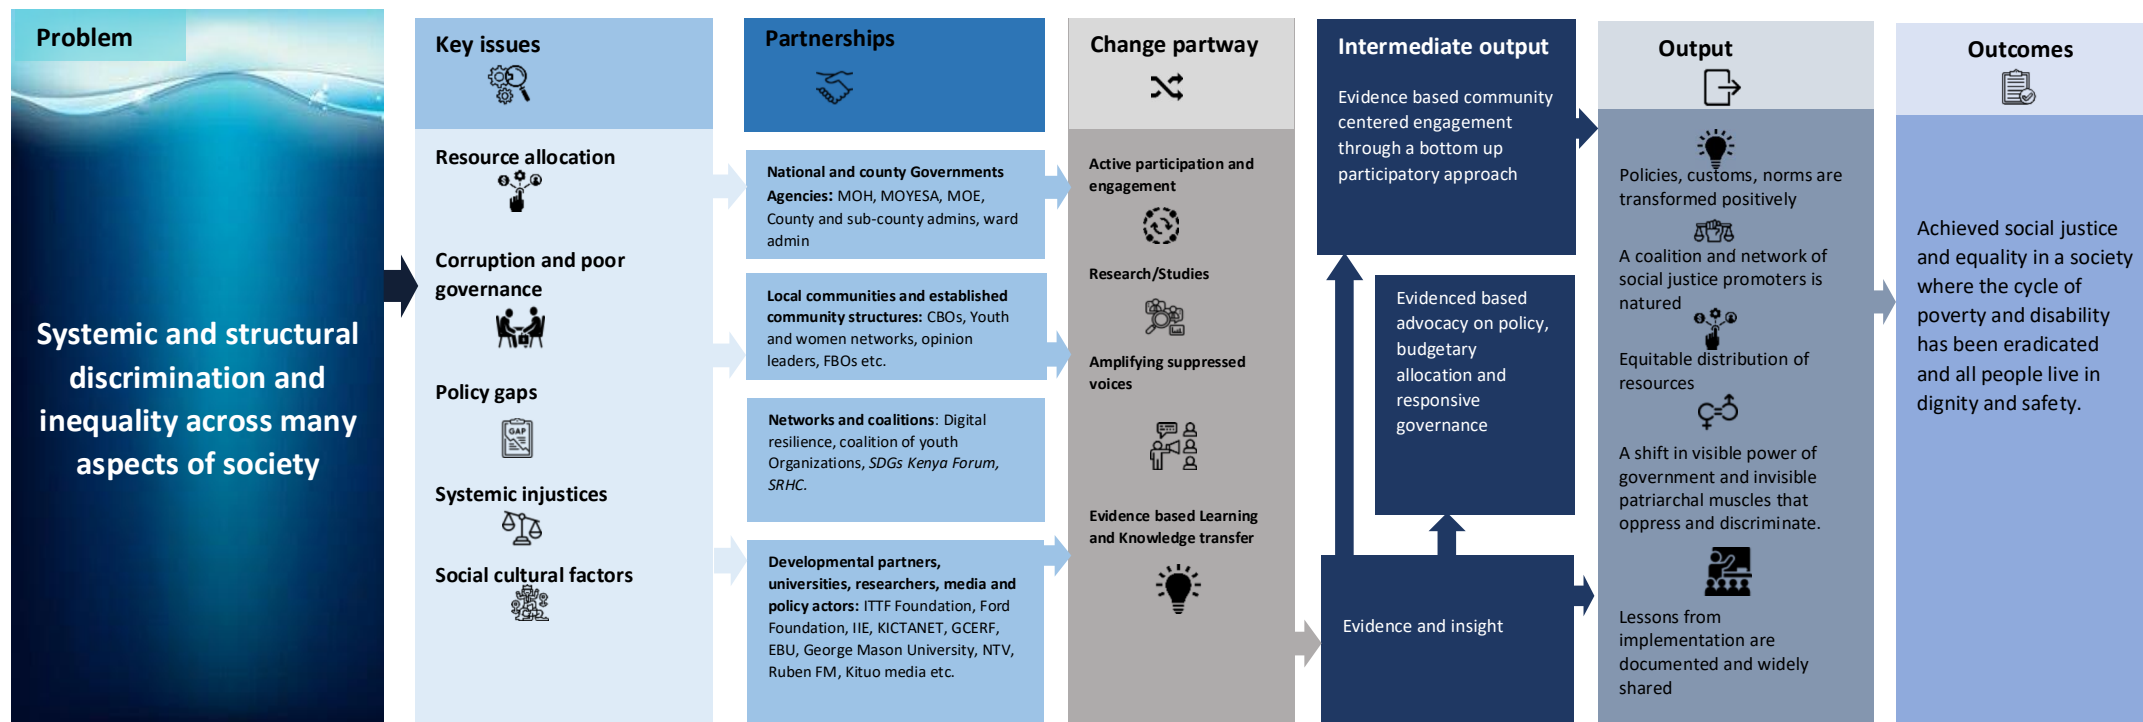

Our Theory of Change

When a diverse coalition of actors, locally embedded and globally connected, generates, curates, and applies a robust body of evidence on access, equity, participation, and human rights, informing systems change through innovation, partnerships, and evidence-based advocacy, THEN we can guarantee social justice for marginalized populations. Our goal is to build inclusive communities where everyone can enjoy their human rights and achieve their full potential.
